2024 PHC Practice-Based

Research Challenge

Learning-Forward
Discover, Learn & Innovate for Impact

Sustainability
Proactive financial and environmental stewardship

Person and Family-Centred Care
Partners in care

Designed to support point-of-care staff who do not have research experience, the Practice-based Research Challenge will:

- **HELP** you learn about research and conduct your own clinical practice project
- **PROVIDE** information, mentorship, and funding
- **ANSWER** a question you have about your own clinical practice or in an area of interest

Person- and Family-Centred Care continues to be a focus; all teams will be supported and required to include patient/family input and Patient Family Partners as advisors in their projects

NEW! Climate Change Funds

Teams who wish to demonstrate reductions in greenhouse gas emissions from their project can apply for an additional \$1000.
